If NO, please explain how item will be funded:								
Executive Summary: Last year we changed the light fixtures on the 2 nd Avenue bridge to LED. Our plan was to convert all of our bridges to this fixture over the next 4 budget years. However, IMEA grant funds are available, and have been authorized, to complete all bridges this year. Our four year budget amount is \$115,000. Using IMEA grant funds will reduce our total cost to \$26,179 for a savings of \$88,821. This will convert the 3 rd Ave, Illinois St and Prairie St bridges to the same LED fixtures as the ones on 2 nd Ave. The Beacon fixtures are sole sourced from Lighting Solutions.

Recommendation / Suggested Action (briefly explain): Approve budget revision, waive the bid process and authorize the purchase of 31 LED bridge light fixtures from Steiner Electric for \$96,533.69.

BUDGET REVISION REQUEST FORM

Department: Public Works - Electric

Date Requested: June 27, 2011

Purpose of Request/Comments (Attach additional pages if necessary)

The purpose of this request is to move the planned bridge light conversions from a four year project into a single budget year. This will allow us to use IMEA grant funds to offset a large part of the project cost. The IMEA grant will provide \$78,538 of the \$96, 533.69 material cost.
